IN THE CLAIMS:

Please enter the following as the claims in this case:

1-13 (cancelled).

14 (original). A method of inducing an immune response comprising concurrently

administering an immunogen and compound 48/80 to a subject in an amount effective to produce

an immune response therein.

15 (original). The method of claim 14, wherein said immunogen and said compound

48/80 are administered simultaneously in a common pharmaceutical carrier.

16 (original). The method of claim 14, wherein said administering step is carried out by

parenteral administration.

17 (original). The method of claim 14, wherein said immune response is a prophylactic

immune response.

18 (original). The method of claim 14, wherein said immune response is a therapeutic

immune response.

19 (original). The method of claim 14, wherein said immune response comprises a

humoral immune response.

20 (original; withdrawn). The method of claim 14, wherein said immune response

comprises a cellular immune response.

21-27 (cancelled).
